Find out more about how to obtain assistance for these improvements by attending this meeting. The City seeks to utilize Community Development Block Grant funds to restore and renovate commercial properties that need improvement. These improvements are intended to beautify the city's business areas and create a positive economic environment.

The Façade Restoration Program Grant funds can be utilized for exterior improvements such as wall treatments, paint, fixtures, landscaping, irrigation, signage, lighting and similar improvements.

Owner participation in this project is highly encouraged but not required. The City will rank projects based on maximum impact to the property and immediate area, need and owner/business participation.
